

Cyber Security & Information Security

As cyber security threats continue to rise in frequency and complexity, organizations across all industries are increasingly in need of skilled professionals to help safeguard their networks and data. To assist in this effort, we have compiled a candidate availability list for cyber security professionals, featuring highly qualified individuals with a range of expertise and experience.

Below are some of the available candidates we're currently helping find new roles. If any of them look like they'd be a good fit for your company, get in touch to see a full CV.

Get in touch on 0208 051 7900 or shane@shiftf5.co.uk to find out more.
