

Senior Leadership – SaaS & Technology

We specialise in recruiting Executive & Senior Leaders, i.e., COOs, CTOs, CCOS, Ops Leaders etc across the UK, typically those with startup/scaleup experience or who have made a significant impact in previous roles.

If you've spent any time trying to hire in this space recently, you'll know how tricky it is to match the right role with the right individual, and thankfully we are here to help.

I've included below an availability list of some of the candidate I'm currently working with. To find out more, please contact me on gareth.mullan@shiftf5.co.uk / 0161 388 2635!
