

Engineering Candidates

Please find below a variety of technical candidates with Engineering experience, from a range of backgrounds, including Waste Water, Manufacturing, Renewable Energy, Building Services/Construction.

Get in touch on 0208 051 7900 or gareth.mullan@shiftf5.co.uk to find out more

Name	Position/ Clearance	Skills	Specialism	Salary	Availability
Dwayne	Product Development Manager	<p>**Extremely driven and motivated professional with hands-on experience managing supply chain operations and delivering projects</p> <p>**Managing and empowering high performing teams, driving transformation and continuous improvement, identifying cost effective sources</p> <p>**Project Management & Control, Process Design & Governance, Mechanical Design</p> <p>**Water Treatment Industry Experience</p>	Defence, Water	£65k	12 weeks (negotiable)
John	Engineering Manager	<p>**Senior project/design engineer with more than 9 years' experience in designing and managing industrial projects within MOD/Naval field.</p> <p>**Production of engineering drawings and assemblies using inventor 3D package and Autocad for 2D drawings</p> <p>**Overseeing design engineers in the production of detail design and ensuing key components/equipment are purchased in time.</p> <p>**Production of engineering designs and data sheets</p>	Manufacturing & Design, Air Filtration	£70k	Immediately
Simon	Project Manager/Engineer	<p>**Experienced Mechanical Project Engineer (Manager) with considerable electrical and civil knowledge gained through hands-on experience.</p> <p>**Skilled organiser with the ability to overview projects/problems quickly and efficiently analysing what needs to be done</p> <p>**Management of the risk evaluation process through all phases of projects</p> <p>**10 years Autocad experience, Including Autocad Inventor 8 (3d Modelling), Catia Cadam, Microsoft and Lotus Packages, Solidworks 2005 (3d modelling)</p>	Renewable Energy	£50k	1 Month
Carla	Product/Project Engineer	<p>**Project Manager/ Engineer, with experience delivering technical capabilities across gas, water, and hydrometry.</p> <p>**Completing daily site checks and reporting any near misses or accidents to suit company and client procedures.</p> <p>**Keeping technicians up to date with any changes / updates made to the technology</p> <p>**Risk Management, Project Delivery, Management Reporting, Environmental Management, Water Industry Experience</p>	Water Treatment	£60k	4 Weeks

Name	Position/ Clearance	Skills	Specialism	Salary	Availability
Lisa	Sales Engineer & Operations Manager	<p>**10 years' experience in both Technical Sales Engineering & Operations Management</p> <p>**Working across the UK & EMEA regions.</p> <p>**Offer comprehensive pre-sales technical expertise and product education to both prospective and current clients, ensuring a deep understanding of product offerings and their benefits</p> <p>**Execute order processing and project management tasks through production, including bill of materials creation and materials sourcing, ensuring seamless project execution.</p>	Manufacturing & Design	£65-70K	4 Weeks
Paul	Engineering Team Leader	<p>** 10 years Aerospace & Defence experience</p> <p>** Team Leader, working with Product Management, System Engineers, Safety & test systems teams</p> <p>** Delivering reliability improvement and obsolescence solutions</p> <p>** Engineering ownership and feasibility studies</p> <p>** Collaboration with procurement and operations to source competitive suppliers for high value strategic components and identifying opportunities to do so</p> <p>** SolidWorks (Solid Modelling, FEA Stress Analysis, Motion – Mechanism)</p> <p>** CNC programming – FeatureCAM (CAD/CAM software)</p>	Aerospace, Defence	£60K	1 Month
Harry	BIM Technician	<p>** Projects: Residential, Commercial, Retail, Mixed Use (small and large scale)</p> <p>** Software: Revit, AutoCAD, MicroStation, ArchiCAD, Autodesk 360, Navisworks, Photoshop, Microsoft package</p> <p>** 10+ years of experience in architecture and building services.</p> <p>** MEP building services surveys, design coordination, and coordination</p>	MEP, Building Services	£40k	Immediate
Billy	Senior Mechanical Building Services Design Engineer	<p>** 10+ years of experience in Mechanical & Building Services</p> <p>** 8 years of experience with Revit</p> <p>** MSc in Sustainable Urban Development</p> <p>** BEng (Hons) in Building Services Engineering</p> <p>** BIM ISO19650 Essentials & BIM ISO19650</p>	Mechanical, Building Services	£50k	1 Week
