

## VP Engineering & Tech Leads

Having a Head of Engineering or a Tech Lead is crucial for the success of a startup or scaleup in the software industry. They pay a pivotal role in driving the technical vision, guiding the development team, and ensuring the smooth execution of projects.

Below are some of the available candidates we're currently helping find new roles. If any of them look like they'd be a good fit for your company, get in touch to see a full CV.
